

2017 Striders Trail Race Series

Race Director: Karla Nephew

Race #5 Results and Final Results

Thank you to everyone that came out for the races this summer! Twenty-two runners participated in the fifth and final trail race of the season at Pollock Bench. Donnie and Kristi were again the fastest male and female with a time of 49:26 and 61:27, respectively on the 6.7 mile course. Overall series winners were Martin Wiesiolek with 89 points and Kristi Siman with 78 points. They walked away with a lovely hand-made finishers medal, a bottle of bubbly and a gift card to REI. Most runners stuck around for the food, festivities, and door prizes. Many thanks to the folks that stole half of the flags on Sunday so I was able to do half the course a second time to re-mark it. Many more thanks to Penny for picking up the flags, so I wouldn't have to do the route a third time in three days and to DJ for cooking up some yummy brats at the finish line and Jay for his impeccable timing skills!
